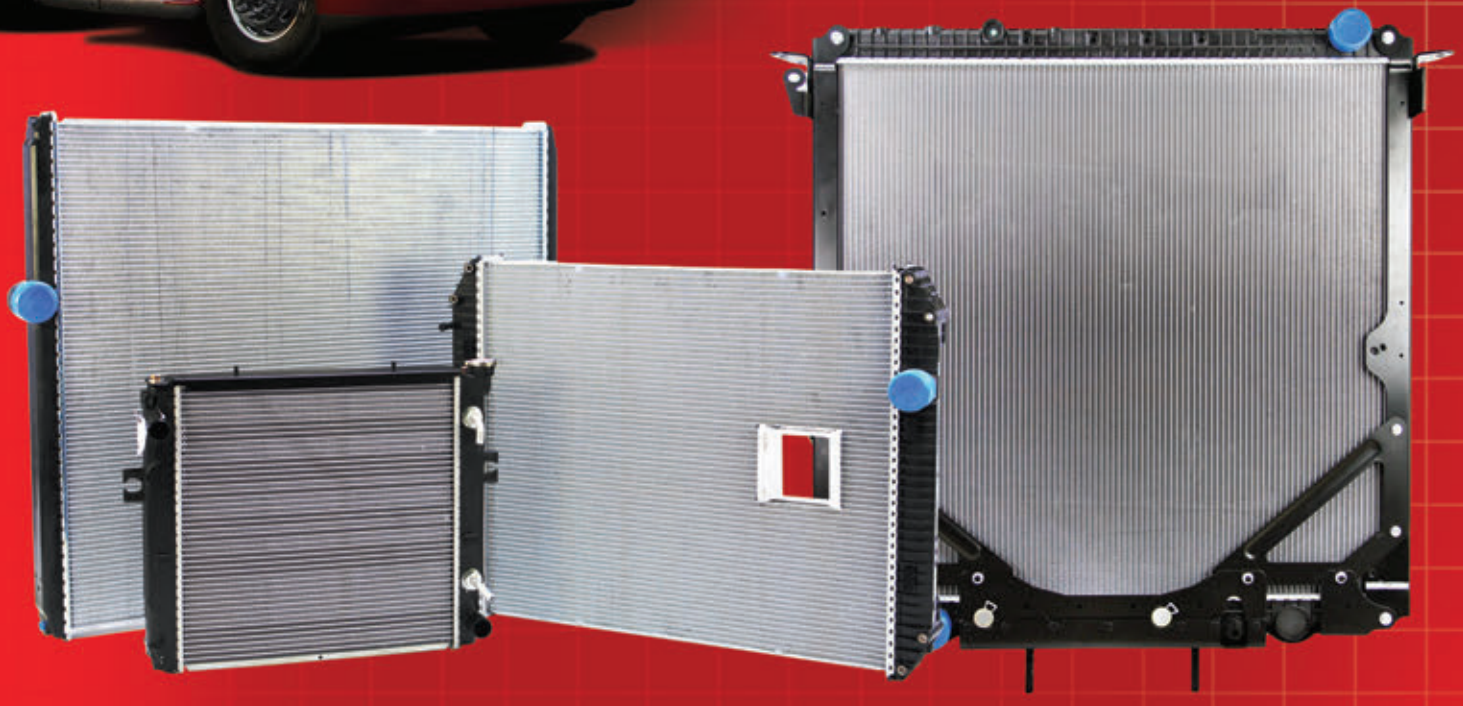
Automotive Cooling Products

HEAVY DUTY COOLING PRODUCTS

RADIATORS AND CONDENSERS



- Fleet and shop managers choose OSC for "What's In The Box"
- Many models have welded double header design –reduces flexing
- All "Tabbed-Over" models have a second crimp strip
- Most applications come with mounting hardware
- Most models have stainless steel coolers replacing OE aluminum for added strength
- More that 50 models available with frames
- Over 350 sku'scovering class 8 trucks to forklifts
- Factory is TS16949 certified
- OE fit, form, and function

OSC
Automotive Cooling Products

Heat Transfer Products

"THE PROFESSIONAL INSTALLER'S CHOICE"

REPLACES THE ORIGINAL PART WITHOUT A HASSLE

Save Time and Money - All Components are Fitted and Torqued In Place to Factory Specifications

- Bolt-In Replacement-No Brackets or Adaptors Needed
- Exclusive Engineering Enhancements Improve Performance and Durability
- Individually Leak Tested
- Technical Support
- Training Videos Available

OSC Automotive Cooling Products

FOR TRUCKS THAT GO TO EXTREMES

Hard Working Vehicles Need Hard Working Shocks & Struts

- Large Bore Design = Greater Fluid Capacity
- Increase Fluid Capacity = Increased Thermo Stability

Twin Tube Construction
55mm-70mm Reserved Tube Size
20mm Tempered Hard Chrome Piston Rod
HNDR Oil and Gas Seal
Vulcanized Natural Rubber Bushings with 3mm Hardened Insert
Fuch's Low Velocity Index High Performance Oil
Coil Springs Preloaded Steel Valve Mountings
PTFE Low Friction Piston Band Seal
Metallic Electrostatic Paint
Rugged Polypropylene Piston Rod Dust Cover

Engineered for Hard Working Trucks & Trucks Carrying Loads

FOR TRUCKS THAT MEAN BUSINESS

Ideal for Work Trucks, Fleets, On and Off-Road

Nothing Else Comes Close for Performance and Ride Control
